equity shares by the promoters, the company said in a statement.

Proceeds of the fresh issue will be utilised for setting up a new shrimp processing unit, a pre-processing centre and a hatchery

facility in Andhra Pradesh.

In addition, the funds will be used towards loan payment availed by the company and for other general corporate purposes.

In the past few months, some other seafood companies -- Nekkanti Sea Foods, Devi Seafoods and Sandhya Marines -- have filed for IPO.

Spandana Sphoorty's IPO comprises a fresh issue of shares worth up to Rs 400 crore, and an offer for sale of up to 13,146,595 equity stocks by existing shareholders, including Kedaara Capital Alternative Investment, Helion Venture Partners and Valiant Mauritius Partners. —PTI

more than Rs 1,152 crore derived in December 2017 and Rs 1,372 crore in the quarter ended March 2017.

"Monthly average revenue per user (Arpu) for access services based on AGR, declined from Rs 80.77 in the quarter ended December 2017 to Rs 71.62 in the quarter ended March 2018," Trai said in its report.

The scorecard reflects financial difficulties that the sector is facing where a brutal tariff war has dented the profitability and operational metrics of most operators.

According to Trai, the number of telephone subscribers in India rose to 120.6 crore at the end of March 18, from 119 crore in the December quarter, growing 1.31% sequentially.

The telecom sector in India - with second largest subscriber base globally - is un-

dergoing financial stress, prompting a spate of consolidation that is expected to leave in its wake only 4-5 national level players.

The newest and the most aggressive entrant in the telecom sector, Reliance Jio, has sustained a bruising tariff war in the Indian telecom market, with its free voice and rock-bottom data offerings, challenging the established operators like Airtel, Vodafone and India Cellular whose revenue and profitability have come under tremendous pressure.

Cellular Operators' Association of India (COAI), in its annual report for FY18, has noted that the telecom operators are in "severe financial distress" with a cumulative debt of Rs 7.7 lakh crore and revenue under Rs 2.5 lakh crore. —PTI
